KAYNE CHU

(647) 972-9298 | k33chu@uwaterloo.ca | https://kaynechu.me

Summary of Qualifications

- Experienced in **AutoCAD** and **SolidWorks**
- Strong knowledge in **C++**, **Java**, **JavaScript**, **HTML**, **CSS**, **ReactJS**, **ExpressJS**, **NodeJS** and **MongoDB**
- Knowledgeable on Dimensioning and **GD&T** communication
- Exceptional **Communication** and **Organization skills** from tutoring students while focusing on studies

Projects

Workout Tracker – MERN Stack Application   Feb 2021 – Mar 2021

- Developed a web application which allows users to create, edit, and display workouts through a database
- Used the **MERN** programming stack to create a back-end server and connect it to the front-end of the application

Waterloo Midnight Sun Design Team – Battery Module Supports   Sept 2020 - Present

- Designed supports for battery modules to prevent them from moving using **SolidWorks**
- Collaborated with team members to create a sketch which properly incorporates the required features
- Followed an iterative design process to meet constraints and criteria

Personal Website   June 2020 – Sept 2020

- Created a website highlighting personal accomplishments and showcasing skills in the engineering field using **JavaScript**, **HTML**, **CSS**, and the **ReactJS** library
- Attained **problem solving skills** by developing solutions to advanced coding problems and debugging errors

Escape The Cave – Java Mobile Game   June 2020 – Aug 2020

- Developed a score-based mobile application that involves player interaction with a virtual character using knowledge in **Java** and **Android Studios**
- Worked through several iterations to fix issues that arose in the application

Experiences

Process Engineer / BWX Technologies – Cambridge, ON   Jan 2021 – Present

- Gained **problem solving skills** through the development of a timing software using **Excel VBA** for data collection
- Acquired effective **communication skills** by completing detailed summaries for the engineers
- Demonstrated **professionalism** while working with engineers and tradesmen throughout the project

Private Math Tutor / Self Employed – Richmond Hill, ON   Dec 2018 - June 2019

- Broadened **analytical skills** by tutoring high school and elementary students in advanced functions, calculus, and other mathematical concepts
- Gained **problem solving skills** by implementing various teaching methods that catered to the individual student's needs while balancing studies with optimal **time management**

Education

Bachelor of Applied Sciences – Mechanical Engineering Co-op   2019-2024
University of Waterloo – Waterloo, ON

Ontario Secondary School Diploma   2015-2019
Jean Vanier Catholic High School – Richmond Hill, ON

- Principal's list recipient for top 5 average in the class of 2019
- 4 years French award recipient
